U.S. Cargo
Package Delivery...
Today, Tonight, Tomorrow

**U.S. Cargo a Regional Small Package Transportation Company
 Specializing In Providing Flexible and Customized Solutions.**

U.S. Cargo is a specialized regional courier and package delivery company providing consistent, cost-effective, and reliable ground, premium, and customized services. We offer diversified ground services to our customers and provide them with high-value, low-cost solutions. At U.S. Cargo, we identify, design, and deliver innovative, flexible, and service-sensitive transportation solutions encompassing dedicated courier, final mile, pool distribution, parcel, and lightweight LTL. Our solutions create sustainable, long-term value for our customers, business partners, and employees.

U.S. Cargo differentiates itself by offering a personalized approach and commitment to meeting and exceeding our customer's transportation and logistical needs, whether their requirements are standard or unique. If you need your freight delivered earlier than a standard delivery time, our Premium Delivery Services are available upon request.

We specialize in being flexible when it comes to your shipping of parcels and small packages. The ability to offer customized solutions distinguishes our company from the others. We are able to handle inventory pick/pack and distribution, management of dedicated transportation systems, and white glove delivery services including assembly and installation. And these are just a few of the solutions U.S. Cargo can provide! We work with you on the solution that best fits your supply chain.

Since 1972, we have provided superior on-time service and optimal package handling. We believe in having a hands-on approach to package sorting, and we offer better shipment integrity than our competition. Only 1 in 6,000 packages in our system experience a claim.

U.S. Cargo's comprehensive website puts visibility at your fingertips, providing you with full tracking and tracing capability in real time as well as enabling you to conveniently print your shipping labels.

At U.S. Cargo, customers are not just a number. We have a dedicated Customer Service team at both the corporate and the local service station levels in order to ensure that you receive prompt and professional response and follow-up. We pride ourselves in being a strong regional carrier who delivers consistent, cost-effective, and reliable service and solutions to accommodate our customers.
