## ABOUT OUR COMPANY

NPI... Efficiency through Innovation. It is this commitment that has made NPI a prominent figure in the mail automation industry since 1977. We dominate in the field with leading-edge sorter technology, which is shown in the products we offer our customers. Our "Customer First" policy has resulted

in sorter installations throughout the world. Each year, NPI continues to expand its visibility in the market with progressive, efficiently designed sorters. Headquartered in Dallas, Texas, we manufacture high-quality, affordable sorters that are equipped with the most current technology. NPI's diverse customer base includes post offices to print shops, banks to insurance companies. We employ associates from all areas of the automation industry to help our customers find the best production environment for their operation. Whatever the application, letters, flats, incoming or outgoing, NPI is able to offer you a solution.

### How We Are Unique

Sorting. That's our passion. It's what we do. NPI's strict focus on sorting equipment makes us the preferred vendor for your needs. Our commitment starts from when you purchase equipment all the way through our quality customer service staff. NPI applies the most up-to-date technology with every sorter we sell. Every system we manufacture is designed with the customer in mind. From the pickoff, OCR, BCR, electronics and Windows-based open architecture, our goal is to provide the most effective sorter for customers large or small. NPI believes every customer is a priority. We still have that "Businesses on every level deserve the same attention to service." We listen to our customers' needs and provide custom-tailored applications for their specific operations. When its time to look for sorting equipment, look no further than NPI.
