Ayal Latz President

As the owner of an independent toy company, Mr. Latz founded a2b Fulfillment, Inc. in 2002 to service the needs of his own and three other small toy companies. In the company's short seven years, Latz has guided the company from a leased 4,000 square foot micro-operation to its current level today of 180,000 owned square feet, servicing dozens of clients from nearly every consumer and durable goods industry.

As a high-volume parcel shipper to both consumers and businesses, Latz spearheaded a2b's Discount Parcel Program, which seeks out creative partnerships and solutions with carriers to achieve lowest-possible-cost transportation as a complement to a2b's best-of-breed order fulfillment capabilities. a2b ships several thousand small parcel orders per day from its distribution center outside of Atlanta, Georgia.
