COMPANIES

Our customers' success is our success at General Logistics Systems US, Inc. (GLS US). Whether that means a large company in need of logistics solutions, a small business owner with a steady flow of outgoing parcels, or a son overnighting a birthday gift to his mother, we take pride in providing **Reliable, Transparent, Flexible, Secure deliveries in a Sustainable manner.**

Leveraging a large footprint in the Western United States and our over 30-year history as a global parcel and LTL logistics quality leader, we help customers:

- ▶ **Build competitive advantage**  
Ship faster with an expansive NEXT DAY service area at your disposal.
- ▶ **Free up time for your business**  
Simplify with a single parcel and freight pick-up.
- ▶ **Scale and customize**  
Gain a partner that can meet current and future needs.
- ▶ **Optimize shipping**  
Take advantage of our suite of easily integrated data capabilities.

If you're looking for a provider to safely and responsibly deliver your shipments on time, you can count on our **'Global Experience Delivered Locally.'**

Contact us today to learn more about GLS US **Parcel, Freight and Express** services!
