Our customers tell us there are three simple reasons they trust us with their most important packages instead of FedEx or UPS:

- ▶ **Same or better service as FedEx and UPS.** We consistently run at or above 98.5% on-time because we specialize in Texas and Oklahoma. We will never take your package to an out-of-state hub and back.
- ▶ **Up to 40% less expensive.** Because we don't have all their overhead to include corporate jets and naming a stadium after ourselves.
- ▶ **More flexible and easier to use.** We will flex to your needs and, in many cases, they won't. Doing things your way through fewer policies, rules, bureaucracy, and fine print legalese.
