

Things you can **count on.**

C ONFIDENCE
90 years of experience have allowed us to create a broad range of freight cost validation, allocation and reporting solutions — all tailored to meet your company's unique requirements. CT Logistics, one of the preeminent providers of freight payment services and transportation management solutions, provides you with a foundation of confidence. CT will work with you by creating customized business solutions so that you can focus on your firm's core competencies — ensuring a quality, efficient, effective and robust supply chain management system for your global needs.

TRUST

Firms of all sizes, including Fortune 100 corporations across the country and around the globe, have rely on CT Logistics to assist them in making solid, informed decisions regarding their freight audit, payment and business intelligence needs. Our team of professionals has been instrumental in assisting our clients in leveraging expertise, technology and best-in-class processes to maximize return on the client's investment. SOC II and ISO 9001:2008 certified processes ensure stringent controls, safety of client funds, and trusted payments and cash disbursements to your transportation partners.

LEADERSHIP

CT Logistics is a leader in the freight payment and transportation management services industry. With FreightRater — the industry's first choice for freight management and TMS software — and our customized solutions for your global transportation requirements, our AuditPay and TranSaver solutions will exceed your expectations. We create customized solutions that will keep your company focused and in control of the ever-changing needs of global business, allowing your firm to focus and maintain a competitive advantage, remaining a step ahead of your competition to ensure your lead in the marketplace.

CONFIDENCE, TRUST AND LEADERSHIP ... TRADITIONS SINCE 1923

All of these attributes are woven into our corporate philosophy, which is the foundation and tradition that our clients have relied on for 90 years. But just as important is the future that the CT Logistics Team will help you build. Our services and software are evolving to provide you with the latest leading-edge applications and systems that will enable you to better manage and reduce supply chain costs while adding more visibility and control to your organization, positively impacting your bottom line; that's our commitment to you.
